

Modern Day Slavery Act

The Modern Day Slavery Act 2015 states that every business in the UK with a total annual turnover of £36m or more will be required to produce a statement, which must be posted on their website, of steps the organisation has taken during the financial year to ensure that slavery and human trafficking is not taking place both within their business and their supply chain.

We are committed to supporting international efforts to promote ethical principles and practices related to the prevention of the exploitation and abuse associated with modern slavery and human trafficking.

The senior representative for our organisation confirms that the principles of the Modern Day Slavery Act are understood and confirm that the organisation does not, or will not in the future, support or do business knowingly with any other party involved in any act of slavery or human trafficking as defined in the Modern Day Slavery Act 2015.
